EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Majid S. AlBassam on 5/6/05.

The application has been amended as follows:

In the renumbered claim 1, line 22, after the word "controller", the limitation "wherein the base station controller" is added.

In the renumbered claim 10, line 21, after the word "controller", the limitation "wherein the base station controller" is added.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

Regarding renumbered claims 1 and 10, Prior Art fails to disclose after being physically installed, the network element to be installed searching the frames received by means of the telecommunication connections for the bi-directional communication control channels of the groups and identifying free groups by means of the bi-directional communication channels found and the network element transmitting over the bi-directional communication channel of the group its identification information and hardware information to the base station controller, wherein the base station controller comparing the identification information with the
